

Install a CLERAL on-board truck scale and dramatically reduce your operating costs!

Here's how you can immediately reduce your operating costs. Install a Cleral on-board truck scale. Consider these savings....

OURS	YOURS	
1	_____	Truck/s (tractor/trailer).
\$80	_____	Operating cost per hour.
1	_____	Hours saved per day by loading correctly at the point of loading using a Cleral on-board scale.
5.5	_____	Operational days per week.
5.5	_____	Hours per week saved by loading correctly using a Cleral on-board scale.
\$440	_____	Dollars saved per week saved by loading correctly using a Cleral on-board scale.
50	_____	Operational weeks per year.
<u>\$22,000</u>	_____	OPERATIONAL SAVINGS PER YEAR.

ADDITIONAL SAVINGS:

3	_____	Trips to certified scales per week.
\$8	_____	Cost per weigh at certified scale.
\$24	_____	Scale fee savings per week.
<u>\$1200</u>	_____	SCALE FEE SAVINGS PER YEAR.

Insert your own numbers. After interviewing many operators these numbers are considered to be conservative.
